Topics/Questions Submitted by St. Mary Medical Center C.A.R.E. Program:

- Our medical providers would benefit from some training or an in-service to explain the MHIP model in general.

- How to proceed with service to Tier II clients who might need more prolonged sessions and/or duration of treatment than the PST model provides.

- HWLA clients who have co-occurring substance abuse/dependence disorders or relapsing substance abuse in the midst of MH tx.

- The structuring of psychiatric consultation time. A formalized case conference meeting weekly? Psychiatrist "office hours" for consultation per week.

- Use of other practice modalities that are used by DMH/training in these, (e.g., "Seeking Safety", "CORS"). Use of other practices under MHIP (Harm Reduction, CBT, couples/family intervention?)

- Plans/progress for HWLA MH funding for Tier I clients.
